Response to Arguments

1. The reply filed on 8/20/04 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Newly submitted claims 20-39 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the original claims were directed to an apparatus, the newly submitted claims are directed to a method of restraining an animal within a boundary fence
2. Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 20-39 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03. As there are no claims remaining that are readable upon the elected invention, the amendment is considered to be non-responsive. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
